WHY CHOOSE US

Best

introduction

ModenCards is the leader in offering design and printing. Over the past 26 years, we have established ourselves as one of the most well reputed names in the printing services. Our goal is simply to help major league organizations in using numerous technological avenues for marketing their business more innovatively.

Green Apple was discovered in the platform of Modern Cards roof and it developed with advance technology, innovative production more to speak.

Exclusive Quality behind the product , It makes Green apple printing industries as a good talk in Sivakasi. Born to invent new items with future technology by the green apple brand.

Circular sector		$\frac{2r \sin \theta}{3\theta}$	0	$\frac{\pi r^2 \theta}{2}$

MECHANICAL

SPECIFIC GRAVITIES OF SOLIDS

The specific gravities are indicated in this table apply at ordinary atmospheric temperatures. The values are based on the density of water at 4°C.

Specific gravity = $\frac{\text{density of material}}{\text{density of liquid water at 4°C}}$

Density of liquid water at 4°C = 1,000 g/cm³ = 62.43 lb/ft³
